## DETAILED ACTION

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, the phrase “said holder is movable with respect to the clincher unit” in line 6, is unclear as to what is being claimed, because the holder is part of the clincher unit.

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 and 6 are rejected under 35 U.S.C. 102(b) as being anticipated by Akizawa et al. (US 5,009,355).

With regard to claim 1, Akizawa et al. discloses a stapler (A) comprising: a clincher unit (B) comprising a clincher (38), a holder (36, 37) which holds the clincher (38), and capable of being movable with respect to the clincher unit (B), a slanted guide surfaces (36a).

With regard to claim 2, Akizawa et al. shows a driver unit (5) comprising a driver (5a) wherein the driver unit (5) and the clincher unit (B) are vertically separated (see fig. 1a).

Art Unit: 3721

With regard to claims 3 and 6, Akizawa et al. shows a pair of clincher members (38) disposed rotatably relative to the holder (36, 37), and a partition plate (41e) disposed between the clincher members (38).

***Allowable Subject Matter***

Claims 4-5 and 7-12 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

***Conclusion***

Refer to attachment for notice of references cited and recommended for consideration based on their disclosure of limitations of the claimed invention.
